

CASTAWAY

AUSTRALIA'S "GO-TO" TENDER

Aristocraft Leisure is proud to release its new line up for 2012-13.

Our very popular Castaway series has been regarded as the "Go-To" tender for thousands of Australians all over Australia.

This year see's an improvement to the Castaway series with the addition of Heat weld seams.

With the addition of heat welded seams puts the Castaway well ahead of similar priced inflatable boats.

Manufactured with Korean PVC, the Castaway remains affordable and will continue to meet the demands of the Aussie boater.
