

# KINGLITE

Aristocraft Leisure is proud to release its new line up for 2012-13.

The Kinglite is a new inclusion into the Aristocraft line up with its Air Mat hull and full size transom.

This is a must have light weight boat that allows the use of small engine requirements up to 4hp.

The Kinglite is manufactured using Korean PVC using our new heat welded seam process.

With the addition of heat welded seams, air mat floor, spray deflector and coming in at 21kg make this the ultimate roll up boat.
